12th Grade (98.6%)

10th Grade (99.6% - AISSE District Topper)

Mohali, Punjab

2023-24

2021-22

PROJECTS

Spotlight | Talent Casting Website

- Developed a full-stack web application based on the biggest online talent casting platform – Backstage
- Languages, Tools & Frameworks: HTML, CSS, JavaScript, AJAX, Node.js, Angular.js, XML, XSLT, MySQL

ArteVista | Artwork Auctioning Manager

- Created a Java-based auction platform with a Swing UI, JDBC connectivity, integrated payment gateway, artwork management, and a bidding system for seamless transactions.

Symphony | Playlist Manager

- Built a dynamic playlist manager on C++ that organizes, queues, and sorts songs efficiently while supporting CRUD operations by implementing Playlists as Linked Lists, Arrays, Stacks, Queues etc. to implement basic DSA concepts.

DeBaiter | Debate & MUN Manager

- Developed a website using HTML, CSS, JavaScript, PHP and MySQL for a Debate Manager along with a Python-based application with a GUI built on TKinter.
